### **V-COMM Promotes Sean Dougherty To Network Engineering Manager**

**Blue Bell, PA (January 7, 2008)** – V-COMM, a leader in telecommunications engineering, has promoted Sean Dougherty to Manager of Network Engineering. Sean joined V-COMM over a decade ago. Since that time Sean has played a key role on dozens of projects and helped build the Network group in V-COMM’s Blue Bell, PA office. Dougherty’s responsibilities include providing technical guidance to and project oversight of the Network Engineering Team and its clients. These services represent a growing service for V-COMM’s client roster which includes companies in the wireless communications industry, government agencies, educational institutions, and traditional and VoIP telephone companies.

Sean is thrilled with his new position, saying “These 10 years at V-COMM have been a great experience for me. This company has given me the opportunity to learn so much, and the personal growth I’ve experienced while here is unparalleled.”

“Sean is an engineer who consistently delivers outstanding results for our clients,” said Dominic Villecco, founder and president of V-COMM. “With his understanding of all segments of the

communications industry; Sean's capabilities add a powerful component to V-COMM's range of services."

V-COMM is a leading provider of integrated network engineering, radio frequency engineering, and business services. V-COMM delivers the needed expertise and cost-effective solutions to governmental agencies and wired and wireless operators. Company executives are much sought-after expert witnesses providing testimony on telecommunications issues in local, regional, national, and international venues. V-COMM has a growing staff of over 50 engineers and professionals with offices in Cranbury, NJ and Blue Bell, PA. For more information, visit us on the World Wide Web at [www.vcomm-eng.com](http://www.vcomm-eng.com).
