V-COMM CELEBRATES THE OPENING OF A NEW OFFICE IN CRANBURY

CRANBURY, N.J., Jan. 22, 1998 -- V-COMM L.L.C. -- a pace setting telecommunications engineering company -- celebrated the opening of its new facility today in Cranbury, N.J., on the company's two year anniversary. Among those in attendance were Assemblywoman Barbara Wright, R - Mercer, Middlesex, representatives from the N.J. Board of Public Utilities and the N.J. Department of Commerce along with Marlene Asselta and other members of the Southern N.J. Development Council.

“This ceremony marks a special event in V-COMM's history,” said Dominic Villecco, president of V-COMM. “This new office is a symbol of our success in the past and our potential for the future. We are excited about all the things to come!”

The celebration was highlighted by a Ribbon Cutting ceremony where Villecco officially opened the building.

This new satellite office is a result of V-COMM's dynamic growth since opening for business in 1995. The 8,000 square foot facility is designed to hold up to 50 employees and

allows the telecommunications engineering firm to offer a complete line of services. The Cranbury, N.J. location provides V-COMM with access to additional clients and a larger pool of qualified employees.

“V-COMM will become an integral part of the Southern N.J. business community through its telecommunications services,” said Marlene Asselta, president of the Southern N.J. Development Council. “This high-technology industry will support existing businesses, not only in Southern N.J., but the entire state as well.”

V-COMM is a leading provider of quality engineering and engineering related services to the worldwide telecommunications industry. V-COMM’s staff of engineers are experienced in personal communications services, cellular, Specialized Mobile Radio, Enhanced SMR, Paging, Wireless Data, Microwave, Fiber Optic Cable Systems, Signaling System 7 and Local Exchange Switching Networks. V-COMM has offices in Warminster, Pa. and Cranbury, N.J. and provides services to both domestic and international markets.
