FOR IMMEDIATE RELEASE

V-COMM GROWS ITS TEAM OF EXPERTS

THOMAS, FALCONE AND MCNALLY EXPAND THE FIRM'S ABILITIES

CRANBURY, NJ, Feb. 26, 2001 – V-COMM, a leading telecom engineering firm, recently named Lawrence Thomas as Manager of Engineering, Steven Falcone as Controller, and Barbara McNally as Human Resources and Accounting Manager.

“Our rapid growth presents a distinct challenge to identify and hire the best employees in a very competitive job market. We are happy to have found Larry, Steve and Barbara, who each bring distinct talents and abilities to V-COMM, making it a stronger organization,” said Dominic Villecco, President and Founder of V-COMM.

Thomas is responsible for leading V-COMM engineers in network design and deployment, systems integration and interconnection contracts for multiple clients. Before joining V-COMM, Thomas spent more than 27 years in telecommunications.

V-COMM GROWS ITS TEAM OF EXPERTS
PAGE 2

Most recently he was Regional Network Manager for Comcast Cellular where he directed the day-to-day operations for a 150+ cell site system.

Falcone is responsible for managing V-COMM's finances and assist in growing the company's employee base as demand for the V-COMM's unique brand of integrated engineering services continues to increase. Most recently he served as the controller and office manager for the Philadelphia Federation of Teachers.

McNally will work closely with Falcone as the Manager of Human Resources and Accounting. She is responsible for the day-to-day management of all HR functions such as new hires and benefits, as well as supervising accounts payable and receivable, payroll, billing and the entire accounting department. Previously McNally served as MIS Coordinator for the Bucks County Association for Retarded Citizens managing the computer network and assisting with accounting functions.

V-COMM, a leading provider of integrated network engineering, radio frequency engineering and business services, delivers needed expertise and cost-effective solutions for wired and wireless operators and vendors. Company executives are sought-after expert witnesses providing testimony on telecommunications issues in local, regional and national venues. V-COMM has a growing staff of over 50 engineers and professionals in its Warminster, PA and Cranbury, NJ offices. For more information, visit us on the World Wide Web at www.vcomm-eng.com.
