V-COMM Names Schwartz Director of Strategic Accounts

Cranbury, NJ (May 30, 2002) – V-COMM, a recognized leader in providing a full-range of engineering and related services for the telecommunications industry, announced the additional of Michael Schwartz as Director of Strategic Accounts. Schwartz will oversee the building and expansion needs of new and existing clients. He is also responsible for identifying and consummating agreement with key vendors that will enhance V-COMM’s capabilities, both in the US and abroad.

“Michael brings a dynamic new dimension to our clients and partners,” said Dominic Villecco, President of V-COMM. “With his understanding of all segments of the communications industry; Michael’s capabilities add a powerful component to V-COMM’s range of services.”

A 25- year veteran of the telecom industry, Schwartz is a pioneer in wireless communications. His career includes experience in paging, cellular, PCS, telecom engineering and infrastructure equipment. Most recently, Schwartz was Vice President of Network Operations for PCS ONE a regional GSM carrier in Central Pennsylvania where he lead the total construction and maintenance of the PCS ONE network and was directly responsible for guiding the growth if a system that serviced more that 100,000 subscribers. During his tenure Schwartz also managed the implementation of a new billing system and served as a representative to the GSM MoU in both the World and US groups.

Other positions include Vice President of Operations for Northeast Digital Networks in Maine, Vermont and New York, Assistant Vice President for the American Celcore, a Memphis, TN based infrastructure supplier and he spent several years in England and Southern Europe working with British Telecom and Motorola UK, Schwartz was also Vice President for the American Cellular Network where he led the construction and maintenance of the world's first regional network with proprietary automatic call delivery among independent carriers, which is now standard practice across the industry.

“I enjoy sharing the knowledge I have acquired throughout my career,” said Schwartz. “My goal is to sever as a catalyst for new and innovative relationships with V-COMM’s clients and partners in the US another parts of the world, and to expand the company’s reputation as an industry leader.”

V-COMM, a leading provider of integrates network engineering, radio frequency engineering and business services, delivers needed expertise and cost-effective solutions for wired and wireless operators and vendors. Company executives are much sought-after expert witnesses providing testimony on telecommunications issues in local regional, national , and international venues. V-COMM has a growing staff of over 50 engineers and professionals in its Blue Bell, PA and Cranbury, NJ offices. For more information, visit us on the World Wide Web at www.vcomm-eng.com
