FOR IMMEDIATE RELEASE

V-COMM PROMOTES DANIEL HALL To Staff Engineer

Blue Bell, PA (January 21, 2010) – V-COMM, a leader in telecommunications engineering, has promoted Daniel Hall to Staff Engineer. Dan graduated from Drexel University in 2004, with a degree in Electrical Engineering. He joined V-COMM full-time as an Associate Engineer in 2007, and since that time, has supported a wide variety of clients and projects within the Network Engineering department in V-COMM's Blue Bell, PA office. In addition to his continued engineering project work, Dan will now be more visible in his direct interaction with V-COMM's diverse client portfolio while continuing to expand his overall network engineering expertise. Network engineering represents a core service for V-COMM's client roster which includes companies in the Telecommunications industry including traditional, wireless, VoIP, and cable, as well as government agencies, educational institutions and enterprise organizations. "I feel great about this promotion!" says Dan. "I like working with V-COMM because it gives me the opportunity to get involved in many different types of projects which expand my knowledge base."

"Dan has proven himself to be a valued team member at V-COMM, having worked on several complex projects while maintaining a strong customer focus," says Donald Coover, Vice President of Network Engineering for V-COMM. "We are all excited to recognize his achievements and are looking forward to his continued growth in this new position."

V-COMM is a leading provider of integrated network engineering, radio frequency engineering, and business services. V-COMM delivers the needed expertise and cost-effective solutions to governmental agencies and wired and wireless operators. Company executives are much sought-after expert witnesses providing testimony on telecommunications issues in local, regional, national, and international venues. V-COMM has a growing staff of nearly 50 engineers and professionals with offices in Cranbury, NJ and Blue Bell, PA. For more information, visit us on the World Wide Web at www.vcomm-eng.com.
