On March 23, 2018, the Federal Communications Commission issued a *Sixth Further Notice of Proposed Rulemaking (Sixth FNPRM)* addressing the 4940-4990 MHz (4.9 GHz) band and set deadlines for filing comments and reply comments at 60 and 90 days after publication in the Federal Register.<sup>1</sup> On May 7, 2018, the Office of the Federal Register published a summary of the *Sixth FNPRM* and associated comment and reply comment dates.<sup>2</sup> Accordingly, comments must be filed in **WP Docket No. 07-100** on or before July 6, 2018; and reply comments must be filed in WP Docket No. 07-100 on or before August 6, 2018. The *Sixth FNPRM* sets forth the comment filing instructions.<sup>3</sup>

By this public notice, the Public Safety and Homeland Security Bureau also announces that **WP Docket No. 07-100** is the consolidated docket number for all further filings, communications, and proceedings involving the 4940-4990 MHz (4.9 GHz) band, as described in Part 90, Subpart Y of the Commission's rules.<sup>4</sup> **WP Docket No. 07-100**, currently used for 4.9 GHz band matters, inherits all open issues related to the 4.9 GHz band from PS Docket No. 06-229 and PS Docket No. 06-150.

As of the date of this public notice, parties bringing matters before the Commission that pertain to the 4.9 GHz band, including comments and reply comments to the *Sixth FNPRM*, may file only under WP Docket No. 07-100 and need not file under PS Docket No. 06-229 and WT Docket No. 06-150. The public may continue to access previously filed 4.9 GHz band matters under PS Docket No. 06-229 and WT Docket No. 06-150 in: (1) ECFS, the Commission's electronic filing system, or (2) EDOCs, the electronic database containing prior orders, public notices inviting comments and replies, or other matters posted by the Commission.
